

Store 'n' Click

USB 3.2 Gen 1

Data is just a *click* away!

The Store 'n' Click USB drive gives you the ability to transfer all your data onto one small device and carry information with you on the go.

The unique 'slide and lock' design allows you to easily extend and retract the USB connector, protecting it when not in use. It locks into position when using the drive and clicks back into a closed position when not in use.

Moreover, the product is available in three different pack sizes with different capacities and colours - ideal for a variety of sectors including education, commerce and professional.

Key features:

- USB 3.2 Gen 1 interface with speeds of up to 5Gbps
- Backwards compatible with USB 2.0 ports
Keep using your existing devices, no need for upgrade!
- Slide 'n' Lock mechanism - no cap to lose!
- Read Speed: Up to 80MB/sec
- Write Speed: Up to 25MB/sec
