Marka: Orno | Symbol: OR-AE-13290(GS)/10M | Ean: 5908254847394

### PRODUCT DESCRIPTION

The heavy-duty splash-proof extension cord, 10m long and IP44 rated, is an essential appliance for those who are looking for reliability and safety during work. It is equipped with one Schuko-type socket (2P+E) with a plastic cover that protects it against water and dust. The extension cord also features safety shutters protecting against accidental electric shock.

The cable is made of oil-resistant rubber (H07RN-F 3x1.5mm<sup>2</sup>) with a length of 10m, to ensure flexibility and

durability in any situation. It has one Schuko-standard protective contact.

The extension cord operates at 230VAC/16A, with a maximum load of 3680W. Made of high-quality plastic with matte surface, it provides comfort, durability and safety of use. Black colour.

The extension cord is available also in 20m and 30m length variants and in a French-type socket version.
