

# Product Information Sheet

COMMISSION DELEGATED REGULATION (EU) 2019/2015 with regard to energy labelling of light sources

**Supplier's name or trade mark:** McShine

**Supplier's address:** Vertrieb, Schmalbachstrasse 16, 38112 Braunschweig, DE

**Model identifier:** 1452534

## Type of light source:

|                                                     |       |                                 |     |
|-----------------------------------------------------|-------|---------------------------------|-----|
| Lighting technology used:                           | LED   | Non-directional or directional: | DLS |
| Light source cap-type (or other electric interface) | other |                                 |     |
| Mains or non-mains:                                 | MLS   | Connected light source (CLS):   | No  |
| Colour-tuneable light source:                       | No    | Envelope:                       | -   |
| High luminance light source:                        | No    |                                 |     |
| Anti-glare shield:                                  | No    | Dimmable:                       | No  |

## Product parameters

| Parameter                                                                                                                                             | Value                        | Parameter                                                                                                                                                  | Value                  |
|-------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------|
| <b>General product parameters:</b>                                                                                                                    |                              |                                                                                                                                                            |                        |
| Energy consumption in on-mode (kWh/1000 h), rounded up to the nearest integer                                                                         | 100                          | Energy efficiency class                                                                                                                                    | C                      |
| Useful luminous flux ( $\phi_{\text{use}}$ ), indicating if it refers to the flux in a sphere (360°), in a wide cone (120°) or in a narrow cone (90°) | 14 000 in Nar-row cone (90°) | Correlated colour temperature, rounded to the nearest 100 K, or the range of correlated colour temperatures, rounded to the nearest 100 K, that can be set | 4 000                  |
| On-mode power ( $P_{\text{on}}$ ), expressed in W                                                                                                     | 100,0                        | Standby power ( $P_{\text{sb}}$ ), expressed in W and rounded to the second decimal                                                                        | 0,00                   |
| Networked standby power ( $P_{\text{net}}$ ) for CLS, expressed in W and rounded to the second decimal                                                | -                            | Colour rendering index, rounded to the nearest integer, or the range of CRI-values that can be set                                                         | 80                     |
| Outer dimensions without separate control gear, lighting control                                                                                      | Height                       | Spectral power distribution in the range 250 nm to 800 nm, at full-load                                                                                    | See image in last page |
|                                                                                                                                                       | Width                        |                                                                                                                                                            |                        |
|                                                                                                                                                       | Depth                        |                                                                                                                                                            |                        |

|                                                                                                                         |       |                                                                    |                |  |
|-------------------------------------------------------------------------------------------------------------------------|-------|--------------------------------------------------------------------|----------------|--|
| parts and non-lighting control parts, if any (millimetre)                                                               |       |                                                                    |                |  |
| Claim of equivalent power <sup>(a)</sup>                                                                                | -     | If yes, equivalent power (W)                                       | -              |  |
|                                                                                                                         |       | Chromaticity coordinates (x and y)                                 | 0,377<br>0,380 |  |
| <b>Parameters for directional light sources:</b>                                                                        |       |                                                                    |                |  |
| Peak luminous intensity (cd)                                                                                            | 8 496 | Beam angle in degrees, or the range of beam angles that can be set | 82             |  |
| <b>Parameters for LED and OLED light sources:</b>                                                                       |       |                                                                    |                |  |
| R9 colour rendering index value                                                                                         | 2     | Survival factor                                                    | 1,00           |  |
| the lumen maintenance factor                                                                                            | 0,80  |                                                                    |                |  |
| <b>Parameters for LED and OLED mains light sources:</b>                                                                 |       |                                                                    |                |  |
| displacement factor (cos $\phi_1$ )                                                                                     | 0,98  | Colour consistency in McAdam ellipses                              | 2              |  |
| Claims that an LED light source replaces a fluorescent light source without integrated ballast of a particular wattage. | -(b)  | If yes then replacement claim (W)                                  | -              |  |
| Flicker metric (Pst LM)                                                                                                 | 0,3   | Stroboscopic effect metric (SVM)                                   | 0,0            |  |
